

# MISSPACK INDIA PRIVATE LIMITED

One Stop Solution for Cosmetic & Personal Care Packaging

# ABOUT US

MissPack is a **New-age packaging solutions** company specializing in primary packaging for beauty and personal care brands. We combine innovation, functionality, and aesthetics to create packaging that enhances every product experience.

With **eco-friendly and recyclable options**, we help brands align with a sustainable future - offering quality, style, and identity in every design.

**Our goal is simple:** empower brands to stand out with packaging that speaks for them.

## OUR MISSION

To deliver creative and sustainable packaging solutions that elevate brand value, ensure **quality at every stage**, and **foster long-term partnerships** with our customers through **innovation and reliability**.

## OUR VISION

To become a **globally trusted packaging partner**, empowering beauty and personal care brands through **innovation, sustainability, and design excellence**.

# OUR TARGET AUDIENCE

We collaborate across the beauty and personal care ecosystem:

Emerging brands looking to create distinctive packaging identities that stand out in the market.

Established brands aiming to refresh or expand their existing packaging portfolios with modern, sustainable options.

Third-party manufacturers and private label producers requiring reliable packaging partners for diverse product lines.
